

Roth Softline vindueskontakt

Roth Softline window contact for use together with Roth Softline control system

Description

Roth Softline window contact is intended to cut off the heat in a room when a window is opened, thereby avoiding unnecessary heat loss. Roth Softline window switch must be placed inside as the unit is not waterproof and must be protected from rain and cold. The Roth Softline window switch can be mounted either with the supplied tape or the supplied screws.

Technical data

Roth Softline window contact	HVAC No. 7466397600
Supply voltage	3,6V Lithium battery type ER 14250
Expected battery life	> 2 år
Protection class I	(NA)
Transmission ambient	868 MHz
Temperature ambient	5 - 50°C
Ambient Humidity	< 80% RF
Humidity Storage/transport	20 - +50°C
Temperature Degree of Protection	IP20 (EN60529)
Approvals CE	2014/53/EU
