

# SAFETY PROTECTION SHEET

## Roth Clima Comfort Flow

Signal word:	Warning
Hazard statements:	H319 Causes serious eye irritation. H315 Causes skin irritation. H317 May cause an allergic skin reaction.

### General

Article no.	S795
Use of the substance / preparation	Suitable for all substrates before being covered with flooring, tiles, etc.  PC10 Building and construction substances not covered elsewhere PROC2 Use in closed, continuous process with occasional controlled exposure PROC5 Mixing or blending in batch processes for formulation of preparations and articles (multistage and/or significant contact) PROC8b Transfer of substance or preparation (charging/discharging) from/to vessels/large containers at dedicated facilities PROC9 Transfer of substance or preparation into small containers (dedicated filling line, including weighing)

### First aid procedures

General	Remove affected person from source of contamination. Contaminated clothing should be removed immediately. Get medical attention if any discomfort continues.
Inhalation	Fresh air. Ensure free airways, seek medical attention if irritation persists.
Skin contact	Remove contaminated clothing. Wash the skin immediately with soap and water.
Eye contact	Rinse the eye with water immediately. Get medical attention if any discomfort continues.
Ingestion	When small amounts (a mouthful or less): Rinse mouth with water. Drink water or milk. Contact your doctor for evaluation. For larger quantities than described above: Rinse mouth with water. Drink water or milk. Seek immediate medical attention.
Acute symptoms and effects	The product contains substances which may cause allergic skin reaction.
Other information	General health check.

### Protective equipment

Symbols	
Appropriate engineering controls	Observe occupational exposure limits and minimise the risk of inhalation of dust.
Suitable eye protection	Wear approved chemical safety goggles where eye exposure is reasonably probable.
Skin- / hand protection, long term contact	< 8 h Neoprene, nitrile, polyethylene or PVC.
Skin- / hand protection, long term contact	> 8 h Neoprene, nitrile, polyethylene or PVC.
Suitable materials	Neoprene, nitrile, polyethylene or PVC.
Recommended type of equipment	Wear a dust mask class P2 for work in dusty areas.
Recommended respiratory protection	Dust mask, Filter P2 (for fine dust), EN 143

### Fire fighting measures

Suitable extinguishing media	Choose in relation to the surrounding fire.
Improper extinguishing media	None.
Fire and explosion hazards	Not relevant.
Fire fighting procedures	Use extinguishing measures appropriate to local circumstances and the surrounding environment.
Personal protective equipment	No recommendation given.
Other information	Fight fire with normal precautions from a reasonable distance.

### Preventive Measures to contain emissions

General measures	Use personal protective equipment as specified in section 8.
Personal protection measures	Use specified protective equipment. Avoid inhalation of dust. Avoid contact with skin and eyes. Use recovery methods without development of dust.
Environmental precautionary	Collect and dispose of spillage as indicated in section 13.

**measures****Containment**

No recommendation given.

**Clean up**

Larger quantities should be collected and delivered to a licensed waste operator. Small amounts should be taken up mechanically, avoiding dust formation.

**Other instructions**

See section 1 for emergency contact information.

See section 8 for information on appropriate personal equipment.

See section 13 for waste disposal.
